Group Art Unit: 3626

The “Examiner’s Answer” dated September 18, 2008 purports to be in response to Appellant’s appeal brief filed February 14, 2008. (See “Examiner’s Answer” of September 18, 2008; page 1) However, Applicant respectfully submits that the record shows this September 18, 2008 paper is in fact a “Supplemental Examiner’s Answer” because it was issued by the Examiner after Appellant had already filed its Reply Brief to the Examiner’s Answer of May 2, 2008. The timeline of filings in connection with this appeal is as follows:

- 02-14-2008 Amended Appeal Brief Filed
- 05-02-2008 Examiner's Answer Mailed
- 07-01-2008 Reply Brief Filed
- 09-18-2008 New "Examiner's Answer" Mailed

In view of the September 18, 2008 Examiner's Answer being issued by the USPTO over two months after Appellant had already filed its Reply Brief, Applicant respectfully submits that the Examiner's Answer dated September 18, 2008 must be treated as a Supplemental Examiner's Answer. Further supporting this interpretation of the record is the USPTO's Patent Application Information Retrieval (PAIR) system, which lists the September 18, 2008 Examiner's Answer as a "Supplemental Examiner's Answer" in the transaction history for this application. (See Exhibit 1 attached herewith).

**II. USPTO Rules Prohibit the Entry of New Grounds of Rejection in a Supplemental Examiner's Answer**

The Examiner improperly raised a new ground of rejection in the Supplemental Examiner's Answer, in violation of 37 CFR 41.43(a)(2). The new grounds of rejection begin on page 2 of the Supplemental Examiner's Answer, and consists of the rejection of multiple claims based on 35 USC 101. 37 CFR 41.43(a)(2) unequivocally states that "[a] supplemental examiner's answer responding to a reply brief may not include a new ground of rejection". As stated in MPEP 1207.05(I):

37 CFR 41.43(a)(2) prohibits a supplemental examiner's answer responding to a reply brief from including a new ground of rejection. After the filing of a reply brief, any new ground of rejection responding to a reply brief must be by way of reopening of prosecution." (See MPEP 1207.05(I); see also MPEP 1207.05(A) ("The examiner may NOT include a new ground of rejection in the supplemental examiner's answer responding to a reply brief." (emphasis in original))).

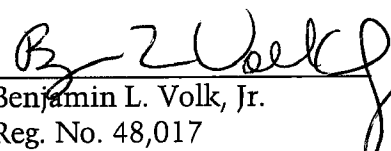

Because the Examiner's Answer dated September 18, 2008 must be deemed a Supplemental Examiner's Answer in response to Appellant's Reply Brief given that Appellant filed the Reply Brief over two months before the September 18, 2008 Examiner's Answer, Applicant

respectfully submits that 37 CFR 41.43(a)(2) bars entry of the new grounds of rejection contained in the September 18, 2008 Examiner's Answer. Thus, for the reasons expressed herein, Applicant respectfully submits that the new grounds of rejection contained in the September 18, 2008 Examiner's Answer must be withdrawn and the appeal must move forward without such new grounds of rejection. Applicant also reserves the right to file a petition under 37 CFR 1.181 to request that the impermissible new ground of rejection be withdrawn. Favorable action is respectfully requested.

Respectfully submitted,

**Thompson Coburn LLP**
